10. Crime statistics and information and intelligence exchange

Crime report showed an assault and criminal damage to a vehicle on Roman Paddock (30/05), and theft from a motor vehicle on Harewelle Way (01/05). No recorded actions.

11. Bollards on The Green

Proposal from Cllr Calver:

To consider replacing four wooden bollards on The Green with stone alternatives, at a cost of £65 per bollard plus install costs.

This motion was not carried. To be discussed again if a bollard is knocked down.

12. Saxon House End parking

Further to initial discussions in the March 2021 parish council meeting, to consider quotes for either replacing the posts or using planting as a barrier. Proposals put forward by Cllr Turner.

Resolved to consult neighbours before agreeing to an approach.

Resolved to obtain a quote for turning the grass into a hardstanding for parking, to enable the council to decide what options neighbours will be consulted on.

13. Average speed cameras

Proposal from Cllr Calver:

- To consider a request to Bedford BC Highways for average speed cameras on the High St, following a request for feedback from Oakley, Carlton and Pavenham parish councils.*

Council noted generally positive feedback from the above parish councils, and that the Government funding for cameras had been depleted.

Resolved to request, via a Freedom of Information request, the details of the borough council's mechanism for allocating average speed cameras in the borough.

14. Speed Sign (VAS) and new trees for the village

To consider together, due to budget constraints, the following two proposals:

- Cllr Calver: the purchase of an additional VAS from Morelock signs at £2,795 (solar).*

Cllr Calver requested to roll this item to the next agenda for time reasons.

- Cllr Turner: the purchase of new trees for Harrold in a staggered approach over 3 years, with £2k spend in 2021, £1.5k in 2022, £1.5k in 2023 and £500 budget thereafter for new/replacement.*

Resolved to approve this proposal for staggered implementation, and the quote from Heritage Arboriculture. Cllr Turner to progress the works.

15. Church clock repair

To consider two quotes from Smiths of Derby in relation to the broken quarter chime autowind mechanism:

- £1,587 to overhaul and repair the autowind unit – requires removal of the unit and offsite repair.
- £6,994 to replace three new autowind units – replacing just one is not advised by Smiths Of Derby due to the way the newer motor interacts with the older models.

Resolved to accept the quote to overhaul the unit rather than replace with new units.

16. Borough Councillor's report for Harrold Ward

Distributed to councillors prior to the meeting and is available on the parish council website.

17. Neighbourhood Development Plan update

- *To note the response from the Independent Examiner following the completion of the Regulation 16 (Neighbourhood Planning General Regulations 2012) six week consultation.*

The independent examiner assigned to inspect the plan had a number of questions for the Steering Group. These questions, and the responses, will be added to the parish council website in the Neighbourhood Plan section once prepared. One of these questions, outlined below, requires a parish council decision.

- *In light of the Independent Examiner response, to consider whether to include all or part of Odell parish in the referendum process due to the proximity of the Odell Road site.*

Resolved not to include Odell Parish in the referendum. The majority of Odell residents have no immediate relationship with the proposed allocation in Odell Road, Harrold, nor do Odell residents have any relationship with the other site for 8 dwellings that is proposed for allocation in Orchard Lane, Harrold. Residents of Odell do not have to take into account the impact of the development on Harrold overall and thus could take a restricted view given the proximity of the small number of residents in Little Odell. The parish council is, therefore, concerned that it could be disproportionate for the wider residents of Odell, the majority of whom live at the Sharnbrook end of the village some distance from Harrold itself, to have a say in the housing allocations in Harrold overall and that such inclusion could thus lead to a distorted result.

18. Noting of items for future agendas – no decisions can be taken

None

Date of next meeting: Wednesday 14th July 2021 (Harrold Centre)
